## engine protectors

Dayton-Phoenix products are engineered to move, and our engine protectors keep you protected.

Dayton-Phoenix Engine Protectors are all about performance. With features, such as:

**Our benefits are:**

- OEM Supplier
- Years of field-proven reliability
- Best-in-class life-cycle cost reductions
- 27 month warranty
- Engineered to outlast the competition—exceeds the OEM maintenance overhaul schedule

- Engine protectors detect abnormal air and water pressure. Result: minimal chance of catastrophic engine damage.
- Our Hot Oil Sensor Kit modifies the current value, to provide a visual indication of a hot oil condition. Result: you can take action before a serious problem occurs.
